SUPPLEMENTAL EXAMINER'S AMENDMENT

1. An Amendment was filed 2/23/06.

This document replaces that mailed 6/13/06 because the allowed claims have been *corrected as including Claims 1-26, 38-48, 50, 52*. The Office Action mailed 10/18/05 erroneously included Claims 49 and 51 within elected Species I, which did not include independent Claim 27, from which Claims 49 and 51 depend. The Examiner apologizes for the inconvenience.

2. **Claims 1-26, 38-48, 50, 52 are allowable.** The restriction requirement between Species I-III, as set forth in the Office action mailed on 6/24/05, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claim 2, directed towards non-elected Species II, is no longer withdrawn from consideration because the claim requires all the limitations of an allowable claim. However, Claims 27-37, 49, 51, directed towards Species II, are cancelled because they do not all require all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Art Unit: 3611

3. **Claims 1-26, 38-48, 50, 52** are allowable because prior art does not disclose a trailer train comprising, *inter alia*,

links attaching the trailers, including a *first link* attaching the left side of a first trailer's wheel support to the right side of a second, adjacent trailer's wheel support, and a *second link* attaching the left side of a third trailer's wheel support to the right side of the second trailer's wheel support.
